Rahemet Hussen

♦ LeetCode

PROFILE

Motivated Software Engineering student at Adama Science and Technology University, with strong skills in JavaScript, React, and Node. js. Experienced in web development and eager to apply academic knowledge in full-stack development through an internship. Passionate about solving technical challenges, contributing to team projects, and continuously improving coding skills in a real-world software development environment.

EDUCATION

Bachelor of Science in Software Engineering

Adama Science and Technology University &

03/2023 - 07/2027 Adama, Ethiopia

• Relevant Courses: Data Structures and Algorithms, Object-Oriented Programming, Database Systems, Advanced Programming.

SKILLS

Technical Skills:

- Programming Languages: Java, Python, JavaScript, HTML/CSS
- Frameworks/Tools: React, Node.js, Express
- Database Systems: MySQL, MongoDB
- Version Control: Git, GitHub

PROJECTS

AI CHATBOT ∂

Built an AI chatbot using the MERN stack (MongoDB, Express.js, React, Node.js) with OpenAI API integration to streamline customer support and improve user interaction. Focused on enhancing chatbot performance and efficiency on web platforms.

ATM Management System 🔗

Developed A fully functional ATM Management System using Java, implementing key features like account balance checking, withdrawals, deposits, PIN validation, and transaction history.

EXTRACURRICULAR

Volunteer Tutor

 Provided tutoring sessions for fellow students in programming languages such as Python, C++ and Data Structures.
